### Advanced MSL Teaching Certificate

#### Word Smarts: Morphology Development & Advanced Decoding

July 13-15, 2009

Cost: \$450

MSL Teaching Certificate and 15 hours class on advanced language. Recognizing that most schooling provides decoding at only the primary level, this workshop picks up where basic word attack leaves off. In fourth or fifth grade, students are introduced to textbooks filled with longer, multisyllabic words. In early high school, the caliber and complexity of that reading increases substantially. Even with effective basic phonics instruction, readers are often unable to handle both the increased quantity of text and its complexity. Participants examine the origins of our language, learn about characteristics of the major languages of influence, look over basic word parts, and study some effective tools for instructing students in this valuable area. Tools such as these help the student whose word decoding abilities have plateaued to move to the next level -- for decoding, vocabulary development, and ultimately comprehension.

Prerequisite: MSL Teaching Certificate

Times: July 13-15, 2009, meet daily from 8:30 AM-12:00 PM and 12:45 PM-3:00 PM. 5.15 hours daily. Program to take place at Springtides.

Credits: For 15 hour Advanced MSL Teaching Certificate, there will be option of 1 recredentialing hour through GWAEA or 1 graduate credit through Morningside College.
